SKILLS

Programming Languages : JavaScript (ES6+), TypeScript, Java, SQL, HTML5, CSS3

Modern Frontend & 3D : React.js, Vite, Tailwind CSS, Framer Motion, React Three Fiber, Three.js

Backend & Architecture : RESTful APIs, Strapi (Headless CMS), PostgreSQL, State Management (Context API)

Tools & Core Concepts : Git, GitHub, Object-Oriented Programming (OOP), Functional Programming

Soft Skills & Languages : Logical Problem Solving, Adaptability, Effective Communication, Arabic (Native), English (Very Good)

EXPERIENCE & TRAINING

iSchool

Sep. 2026 – Present

Demi Tutor

Egypt

- Mentoring students in foundational programming concepts and logical thinking methodologies.
- Guiding interactive educational sessions to build modern technology and software development skills.

Commercial International Bank (CIB)

August 2026

Summer Intern

Egypt

- Completed an intensive summer program, gaining exposure to corporate workflows and professional operations.
- Enhanced professional communication and cross-functional team collaboration skills.

Digital Egypt Builders Initiative (Road Masr)

July 2025 – Dec. 2025

Front-End Web Development Trainee

Egypt

- Completed an intensive program sponsored by the Ministry of Communications focusing on modern web standards.
- Graduated successfully by delivering the **"Event Linker"** web application.

PROJECTS

E-Learning Platform | *React.js, Tailwind, Strapi, Context API*

- Developed a comprehensive e-learning platform connecting a React frontend with a Strapi headless CMS, featuring secure role-based access control (RBAC).
- Built dynamic course catalogs, a functional shopping cart via Context API, and an Admin panel for seamless CRUD operations.
- **Live Demo:** [e-learning-platform](#)

3D Car Showcase App | *React.js, R3F, Tailwind, Framer Motion*

- Built an interactive 60-FPS 3D web app allowing users to rotate and zoom high-quality car models.
- Loaded compressed .glb models asynchronously using React Suspense and implemented dynamic layout animations.
- **Live Demo:** [cars-project](#)

Modern E-Commerce SPA | *React.js, Tailwind, Context API, Formik*

- Engineered a responsive e-commerce app with a complete checkout flow and dynamic product filtering.
- Managed global state for cart and wishlist seamlessly without page reloads using Context API.
- **Live Demo:** [vineta](#)

Restaurantly | *React.js, Vite, Tailwind CSS, Context API*

- Built a dynamic food ordering SPA with a custom real-time cart management system to handle item modifications.
- **Live Demo:** [restaurant](#)

Event Linker (Road Masr Capstone) | *React.js, Tailwind, REST APIs*

- Developed a comprehensive platform to create, manage, and discover events efficiently.
- Integrated RESTful APIs to handle dynamic data fetching and seamless user interactions.
- **Live Demo:** [event-linker](#)

EDUCATION

Egyptian E-Learning University

Expected May 2028

Bachelor of Science in Computers and Information

Cairo, Egypt

- Maintaining a strong focus on full-stack development, algorithms, and interactive web interfaces.
